Let's Count Money! Book 2: Shopping & Change

Here are the answers for pages 5–82 and the change game cards on page 97. Some pages have no single answer: your child draws, plans or plays. Praise every try!

When a question has more than one right answer (for example, "show two ways to make 30p"), any correct way is fine.

Tip: let your child check their own work with you. Finding a mistake and fixing it is great learning.
